

Welcome to Surgical Associates of Wisconsin

We at Surgical Associates are dedicated to providing the very best service to our patients. That extends from pre-operative preparation and education, through the procedures, to post-op care and follow-up to assure optimal results.

You may be seeing one of our Vascular Nurse Practitioners in consultation. Our Vascular Nurse Practitioners have a vast knowledge of vascular disease including vein and arterial issues. They work closely with our Vascular Surgeons to ensure you have the best possible care. They may see you for a new consult, prior to surgery as well as post operatively and in long term follow up. They have a wealth of knowledge and can help you with any questions you may have.

We ask you read and sign the included papers and bring them to your first appointment.

If you have any questions prior to your appointment, please call our office at 1-888-278-3795 or 715-847-2022
